Addition

When we work out answers in our head we often do them in a different way than on paper.

e.g. $125 + 236$

I find it easier if I start with the HUNDREDS and TENS.
120 and 230 make 350
Add on 5 makes 355
Count on 5 more to make 361
125 add 236 makes 361.

Try to work all these out in your head. Only put the answer down on paper - do not do any working out on paper.
